## ABOUT ME

I was always intrigued by software development but never had a chance to formally study it. I have completed multiple online courses (Codecademy, SoloLearn, Khan Academy) and this summer I attended an intensive coding bootcamp.

The chance of working as an Entry-level Developer would be a huge dream come true and I would dedicate myself to it, as it would give me the opportunity to finally do what I love professionally.

## EDUCATION

- **Afdemp coding bootcamp, Athens**

May 2019 - August 2019

500 hours of intensive training in Software Development, organized by PeopleCert ([www.peoplecert.org](http://www.peoplecert.org)) and HEPIS ([www.hepis.gr](http://www.hepis.gr)). Developed under the academic supervision of the Athens University of Business and Economics (AUEB).

More info: <https://www.afdemp.org>

- **IEK Delta, Athens**

October 2011 - September 2013

1298 hours of intensive training in Biomedical Engineering.

## EXPERIENCE

### **Parking valet, Athens (center)**

January 2011 - May 2019

Family business handling two to six busy parking lots. I was expected to work long hours, always show on time, respect customers and be prepared for all shifts: nights, weekends, New Year's Eve etc. Taught me many precepts, but it was difficult for me to make time for programming.

## SKILLS

- C#
- HTML / CSS
- JavaScript
- jQuery
- ASP.NET
- MVC
- Visual Studio
- T-SQL
- Entity Framework
- Git

## CERTIFICATIONS
