ABOUT ME

I was always intrigued by software development but never had a chance to formally study it. I have completed multiple online courses (Codecademy, SoloLearn, Khan Academy) and finally I attended an intensive coding bootcamp.

EDUCATION

Afdemp coding bootcamp, Athens

May 2019 - August 2019

500 hours of intensive training in Software Development, organized by Peoplecert (www.peoplecert.org) and HEPIS (ww.hepis.gr). Developed under the academic supervision of the Athens University of Business and Economics (AUEB).
More info: https://www.afdemp.org

IEK Delta, Athens

October 2011 – September 2013
2-year course in Biomedical Engineering.

EXPERIENCE

Junior Software Engineer, Attica Publications

January 2020 - Present

Building applications with WindowsForms using DevExpress.

Some highlights include:
1. An application for the accounting department that helps them with accounts clearance.
2. A company wide application facilitating data entry for various tasks.

Parking valet, Athens (center)

January 2011 - May 2019

Family business handling two to six busy parking lots. I was expected to work long hours, always be on time, respect customers and be prepared for all shifts: nights, weekends, New Year's Eve etc. Taught me many concepts, but it was difficult for me to make time for programming.

SKILLS

C#, HTML / CSS, JavaScript, jQuery, ASP.NET, MVC, Visual Studio, T-SQL, Entity Framework, Git, Core, WindowsForms, DevExpress

PROJECTS

Solo Project

C#, T-SQL Server, HTML, CSS, JavaScript

In my spare time I'm building a SaaS application for livestock management. It is a web application using MVC and Web forms.

Team Project

C#, T-SQL Server, HTML, CSS, JavaScript, jQuery

CMS system supporting user registration, different user roles, writing articles, comments, reactions on comments (ie upvote). Being member of a 3 person-team, I was in charge of the front-end and some back-end tasks.

CERTIFICATIONS
